TACKLE TWILL

ICE HOCKEY TACKLE TWILL

The use of tackle twill, embroidery and applique for names, number and logos gives this jersey a great finish with a traditional look.

SUBLIMATION - TACKLE TWILL

ICE HOCKEY SUBLIMATION / TACKLE TWILL COMBO

The combination of both sublimation and tackle twill gives this jersey more freedom when it comes to adding more logos and creating a unique design while still having that traditional look of tackle twill.

SUBLIMATION

ICE HOCKEY SUBLIMATION

Our full sublimation jerseys are the lightest in the range and offer no restrictions when it comes to design, with all logos, name and numbers dyed into the fabric the possibilities are endless.
