Each of our jackets allow for personalised logos, lettering, numbers and names.

Each one of these embellishments have their own style and application. We utilise a combination of both embroidery and applique to provide that genuine varsity style look.

We ensure all personalised names and numbers and lettering are appliqued on, to weather all conditions, giving it no chance of peeling as it is the case with heat pressing.

Option to turn into a reversible is also available, using a tason inner lining, the jacket can become a slick looking life-stlye jacket with snap enclosures.
